CURRICULUM VITAE

Jürgen Kasper,

*25. January 1967, married & father of two sons (*1998,*2001)

Qualification

1988-1994

“Diplom” Degree in Psychology at the Christian-Albrechts-University of Kiel

Thesis: “Identification & change of interaction patterns in patients during an inpatient group therapy“

February 1998

Doctor of Philosophy (Dr. phil.) “Simultaneous events in blood pressure and interaction viewed in an interview situation – A study on cardio-vascular reactivity using the Structural Analysis of Social Behavior (SASB)“

May 1997

Systemic Therapist Specialization, Institute for Systemic Studies, Hamburg

July 2001

Psychotherapist: License to practice by the Department of Health of Schleswig Holstein

Practice

1989- 1996

Clinic for psychiatry & psychotherapy, University Medical Center, Kiel:

- psychiatric care

1999 – 2002

Cancer center, University Medical Center, Kiel:

- Psycho-oncology

2011- current

Psychotherapy in privat practice, Ottersberg, Psychotherapists Chambers Hamburg & Niedersachsen

Research & teaching

1994-1998

Clinic for internal medicine, University Medical Center, Kiel

- Risk factors of essential hypertension.

1994-1998

Department of Psychology, University Kiel

- Teaching educational psychology

2002- current

Institute of Neurology an Multiple Sclerosis Research (INIMS), University Medical Center Hamburg Eppendorf

&

Unit of Health Sciences and Education, University of Hamburg

- doctor-patient communication
- evidence based patient information
- medical decision making

2013- current

Institute of Primary Medical Care, University Medical Center Hamburg Eppendorf

- doctor-patient communication
- evidence based patient information
- medical decision making

Training & research

2010-current

Institute on Communication in Medicine

- evidence based doctor-patient communication, developments & training,
- counseling scientific evaluation methods

FUNDED RESEARCH PROJECTS

Unit of Health Sciences and Education, University of Hamburg

EBM@school: Critical health literacy for pupils at the high school

Time period: 1.7.2005 - 30.6.2006

Funding: Institute of Quality & Efficacy in Health Care (IQWiG)

Mobility restrictions in homes for elderlies: a multicenter observation study

Time period: 1.4.2004 - 31.3.2007

Funding: German Ministry of Education & Research (BMBF)

Informed Decision Making (IDM) by the patient leading to evidence-based treatment of type 2 diabetes

Time period: 1.8.2001 - 31.3.2005

Funding: AOK Bundesverband (health insurance)

Training of patient advocates to develop scientific competencies (advocacy training)

Time period: 1.7.2001 - 30.6.2005

Funding: Health Insurance GKV: § 65 b SGB V

Institute of Neurology & Multiple Sclerosis Research, University Medical Center Hamburg Eppendorf

Relapse management in multiple sclerosis – Implementation of a patient education program

Time period: 1.7.2005 - 30.6.2007

Funding: German Ministry of Health (BMGS)

Risk-communication in suspected multiple sclerosis - evaluation of a evidence based patient information

Time period: 1.4.2005 - 31.9.2005

Funding: Spierling Foundation

Informed shared decision-making in treatment of multiple sclerosis

Time period: 1.2.2001 - 31.3.2005

Funding: German Ministry of Health (BMGS)

Patient Education Program about diagnosis and prognosis and early therapy in MS PEPADIP

Time period: 05 2009 - 05 2011

Funding: Merck Serono

Patient education program on immunotherapy PEPIMS

Time period: 10 2009 - 10 2011

Funding: Society to support the Rehabilitation-Research in northern Germany

Immunotherapy decision coaching in multiple sclerosis (DECIMS) - a multicenter randomized-controlled trial

Time period: 01.2013-12.2015

Funding: German Ministry of Education & Research (BMBF)

Autonomy preferences, risk knowledge and decision-making performance in multiple sclerosis patients AutoMS

Cooperation: Multiple sclerosis in 7 European countries

Time period: 12.2012 - 11. 2012

Funding: Hertie Foundation & Fondazione Italiana Sclerosi Multipla (FISM) Italy

Institute for Communication in Medicine

Appraisal of benefit and harms of population based screening for specific speech and language impairment

Cooperation: Institute for Medical Sociology, University Medical Center, Hamburg Eppendorf

Time period: 1.5.2007 – 30.6.2009

Funding: Institut für Qualität und Wirtschaftlichkeit im Gesundheitswesen (IQWiG)

Positronen-Emissions-Tomographie (PET) und PET/CT zur Diagnostik von vitalem Myokardgewebe bei Patienten mit koronarer Herzerkrankung und eingeschränkter regionaler oder globaler linksventrikulärer Funktion (Auftrag D06- 01L)

Time period: 04.2011-12 2013

Funding: Institute of Quality & Efficacy in Health Care (IQWiG)

Development of integrative treatment concepts of art therapy in psychosomatic medicine

Cooperation: Institute of Art Therapy and Research at the University of Applied Sciences, Ottersberg

Time period: 04 2008 - 12 2009

Funding: Innovative projects at the Niedersachsen Ministry for Science & Culture (AGIP)

Development & Validierung of IIGART (Interaction in Group Art Therapy): Specific interaction phenomena of art therapy in groups

Cooperation: Institute of Art Therapy and Research at the University of Applied Sciences, Ottersberg

Time period: 12 2011 - 05 2013

Funding: Innovative projects at the Niedersachsen Ministry for Science & Culture (AGIP)

Autonomy preferences & information transfer in decision making during oral rehabilitation

Cooperation: Department of oral rehabilitation, University Medical Center Hamburg Eppendorf

Time period: 02 2010 - 01 2011

Funding: Research support fond of the University Medical Center, Hamburg Eppendorf (FFM)

Investigating a training supporting Shared Decision Making (It's SDM) – a multicenter randomized-controlled trial

Cooperation: Cancer Center at the UKSH Campus Kiel

Time period: 01.2010 - 06. 2013

Funding: Foundation of the Cancer Center at the UKSH Campus Kiel

PUBLICATIONS

Original research published in peer reviewed journals 2013

All published papers can be downloaded at <http://www.chemie.uni-hamburg.de/igtw/Gesundheit>

Riechel C, Köpke S, Kasper J, Rosenkranz M, Heesen C: Risk knowledge and decisional role preferences about secondary prevention of stroke among patients with cerebrovascular disease. *Multiple Sclerosis* (submitted)

Solari A, Giordano G, Kasper J, Drulovic J, van Nunen A, Vahter L, Viala F, Pietrolongo E, Pugliatti M, Antozzi C, Radice D, Köpke S, Heesen C: Role preferences of people with multiple sclerosis: Image-revised, computerized self-administered version of the Control Preference Scale. *PLoS ONE* (in review)

Köpke S, Kern S, Ziemssen T, Berghoff M, Kleiter I, Marziniak M, Paul F, Vettorazzi E, Poettgen J, Fischer K, Kasper J, Heesen C: Evidence-based patient information program in early multiple sclerosis - a randomized controlled trial. *Archives of Neurology* (in review)

Geiger F, Bieber C, Kasper J: Validation of a multidimensional questionnaire assessing patients' decisional uncertainty. *PLoS ONE* (under revision)

Flierler WJ, Nübling M, Kasper J, Heidegger T: Shared Decision Making in anaesthesia from the patients' and the anaesthetists' perspective: a pilot study. *Anaesthesia* (in press)

Kasper J: Validation of a tool for quality assessment of decision aids. 3rd International Shared Decision Making Conference. March 12th-14th, 2005, Ottawa, Canada

Kasper J, Köpke S, Padin-Perez M, Lange S, Heesen C. The threat of ignoring uncertainty. 9th Biennial Conference of the European Society for Medical Decision Making. June 6th-8th, 2004, Rotterdam, Netherlands.

Heesen C, **Kasper J**, Busche J, Becker S, Koepke S, Mönch A, Mühlhauser I: Risk communication in multiple sclerosis: information needs, autonomy preferences and effects of an evidence-based information. 2nd International Shared Decision Making Conference. September 2nd-4th, 2003, University of Wales, Swansea, UK.

Kasper J, Kügow M, Heesen C, Mühlhauser I: Shared Decision Making (SDM) as a Mutual Negotiation of Uncertainties. 2nd International Shared Decision Making Conference. September 2nd-4th, 2003, University of Wales, Swansea, UK.

Kasper J, Heesen C, Kügow M, Mühlhauser I: Evaluation von Shared Decision-Making. Kongress: Psychosoziale Versorgungsforschung in der Medizin. September 28th -30th, 2003 Hamburg, Germany.

Kasper J, Heesen C, Mühlhauser I: Shared Decision-Making, das Konzept braucht Theorie und Methoden. Annual scientific conference of the German Society of Medical Sociology (DGMS). September 25th -28th, 2002, Halle, Germany.

Abstracts in conference issues & posters

Kasper J, Liethmann K, Reissmann, Geiger F, Wagner HO: Implementing patient involvement into medical decision making – evaluating a short in situ training for physicians. Oral presentation at the 7th International Shared Decision Making Conference. June 16th-19th, 2013, Lima, Peru.

Kasper J, Liethmann K, Goetze I, Geiger F: Evaluation of an observer training curriculum using the multifocal approach to the sharing in the shared decision making (MAPPIN'SDM). Oral presentation at the 7th International Shared Decision Making Conference. June 16th-19th, 2013, Lima, Peru.

Geiger F, **Kasper J:** The importance of the unknown and the unknowable: Development and validation of the questionnaire UP24 assessing patients' decisional uncertainties. Oral presentation at the 7th International Shared Decision Making Conference. June 16th-19th, 2013, Lima, Peru.

Kasper J, Jansen M, Liethmann K, Geiger F, Reitz D: Development of a short training for physicians to implement patient involvement into medical decision making. Poster (280) at the 42nd annual meeting of German Society of Psychosomatic Gynecology DGPF. May 23rd -25th, 2013, Berlin, Germany.

Schulze C, Klees S, **Kasper J:** Interaction in Group Art Therapy (liGART) - Ein Instrument zur Dokumentation und Evaluation in der Kunsttherapie. Oral presentation (68) at the annual conference of the German Collegium of Psychosomatic Medicine (DKPM) & Annual Conference of the German Society of Psychosomatic Medicine (DGPM). March 6th -9th, 2013, Heidelberg, Germany.

Kasper J, Klees S, Schulze C: Orientierung am Phasenmodell zur Evaluation komplexer Interventionen – Ein Beispiel aus der Kunsttherapie in Gruppen. Oral presentation (68) at the annual conference of the German Collegium of Psychosomatic Medicine (DKPM) & Annual Conference of the German Society of Psychosomatic Medicine (DGPM). March 6th -9th, 2013, Heidelberg, Germany.

Kasper J, Hoffmann F, Liethmann K, Köpke S, Heesen C, Geiger F: Development and preliminary validation of a short training for physicians to implement patient involvement into medical decision making. Poster at the Annual Conference of RIMS, Rehabilitation in Multiple Sclerosis. May 31th - June 2nd, 2012, Hamburg, Germany. Multiple Sclerosis 2012;18:(5) 26.

Heesen C, Köpke S, **Kasper J**, Drulovic J, van Nunen A, Vahter L, Viola F, Fulcher G, Giordano A, Solari A on behalf of the AutoMS project: Multi-language translation and crosscultural adaption of the patient reported relapsing-remitting MS risk knowledge questionnaire on immunotherapy (RRMS-IRKQ): methodological issues. Poster at the Annual Conference of RIMS, Rehabilitation in Multiple Sclerosis May 31th - June 2nd, 2012, Hamburg, Germany. Multiple Sclerosis 2012;18:(5) 25.

Köpke S, Fischer K, **Kasper J**, Kleiter I, Berghoff M, Paul F, Marzianiak M, Ker S, Ziemssen T, Heesen C: Patient education program on diagnosis, prognosis and early therapy for persons with early multiple sclerosis – multi-centre randomized controlled trial (ISRCTN12440282). Oral presentation at the Annual Conference of RIMS, Rehabilitation in Multiple Sclerosis May 31th - June 2nd, 2012, Hamburg, Germany. Multiple Sclerosis 2012;18:(5) 23.

Geiger F, Hartmann JT, **Kasper J**: The impact of the unknown and the unknowable: Development and validation of a questionnaire assessing patients' decisional uncertainties. Oncologie 2011;34(suppl 6):107

Kasper J, Köpke S, Backhus I, Heesen C: Analysing immunotherapy choices using the Theory of Planned Behaviour. 26th Congress of the European Committee for treatment and research in multiple sclerosis. October 13th -16th, 2010, Gothenburg, Sweden.

Scheibler F, Müller S, Geiger F, Kowalski C, **Kasper J**: Decision support in prenatal diagnosis: do decision support technologies (DSTs) that have proven beneficial to pregnant women meet the IPDAS – Criteria? International Conference on Communication in Health Care. September 2nd -5th, 2010, Verona, Italy

Kasper J, Lenz M, Geiger F: Why not - explain stochastic information by use of unsorted pictograms? International Conference on Communication in Health Care. September 2nd -5th, 2008 Oslo, Norway.

Kasper J, Burish G, Geiger F, Heesen C: Do patients perceive the involvement we observe? 4th International Shared Decision Making Conference, May 30th – June 1st, 2007, Freiburg, Germany.

Heesen C, **Kasper J**, Segal J, Köpke S, Mühlhauser I: Autonomiepräferenzen, Risikowissen und Informationsinteressen bei Patienten mit multipler Sklerose. 2nd German Conference on Shared Decision Making, March 25th -27th, 2004, Freiburg Germany.

Berger B, **Kasper J**, Mühlhauser I: Patienteneinbeziehung auf der Mesoebene: Training in wissenschaftlicher Kompetenz als wichtige Voraussetzung. 2nd German Conference on Shared Decision Making, March 25th -27th, 2004, Freiburg Germany.

Schlömer GJ, Meyer G, **Kasper J**, Mühlhauser I: Evidence-based Health care (EBHC) for diabetes educators – knowledge gain in different course formats. EASD, 40th Annual Meeting of the European Association for the Study of Diabetes. September 5th -9th, 2004 München, Germany (award).

Kasper J, Groff E, Kampmann M, Schlünder M, Handrock A, Jonitz B, Kensche M, Schwantes U. Entwicklung und Validierung eines OSCE für kommunikative Fertigkeiten. Oral presentation at the 37th Congress of the German Society for Primary Care Medicine (DEGAM), September 17th -20th, 2003, Travemünde, Germany, Zeitschrift für Allgemeinmedizin 79, 2003

Kasper J, Henning J, Kollenbaum VE: Evaluation von Metastrategien zur Strukturierung von selbst-organisierenden Systemen am Beispiel der Arzt-Patient-Informationssysteme. Poster at the Bremer Cancer Congress, November 22nd – 24th, 2001, Bremen, Germany.

Kollenbaum VE, Kasper J: Indicators for need for psycho-oncological intervention. Poster at the 23rd European Conference on Psychosomatic Research. June 17th -21th, 2001, Oslo, Norway.

TEACHING

School for Geriatric Care, AWO in Preetz (nurses)

1994-97 Psychiatric disorders, syndromes, etiology, treatment strategies, care

University of Hamburg (health students)

State examination Health Sciences:

WS 2003/4 Project seminary: Risk communication
WS 2004/5 Project seminary: Uncertainty tolerance and medical decision making.
WS 2005/6 Project seminary: Graphical risk communication of numerical medical information
WS 2006/7 Project seminary: Validation of a new observer instrument to assess patient involvement:
Multifocal Approach to the sharing in the shared decision making
WS 2008/9 Project seminary: MAPPIN'SDM, a clinical study evaluating a shared decision making
intervention
WS 2006/7, 7/8, 8/9 Communication Psychology: Observation based trainings of counseling interventions
Bachelor: Patient Education & Counseling
WS 2009/10, 10/11, Evidence-based patient counseling I & II
11/12, 12/13
SS 09,10,11,12,13
Master: Patient Education & Counseling
WS 2010/11, 11/12, Methods to design and evaluate scientific studies
12/13

University Medical Center, Hamburg Eppendorf (medical students)

2002 - 2004 Department Medical Psychology:
The anamnestic interview – training for students of medicine
SS 2008, 09 Center of Psychosocial Medicine: Supplemental qualification: Psychosocial Medicine, Module:
communication
SS 2008, 09, 10 Department Medical Sociology:
Risk communication between doctor and patient in the medical context
2.TM 12, 3.TM 13, Institute of Primary Medical Care (IFA): Breaking bad news
1.TM 13, 2.TM 13

Institute for Psychology, University of Kiel (psychology students)

SS 2000 Educational Psychology: Meta-strategies of autopoietic information processes
SS 1999 Educational Psychology: SASB - Structural Analysis of Social Behaviour
WS 2001/02 Educational Psychology: Designing information processes professionally
The example of the doctor patient dyad in the oncologic setting
WS 98/99, 99/00, Educational Psychology: Curriculum systemic counseling (60 h course)
00/01; 01/02;
SS 99,00,01,

University of Flensburg (health students)

WS 2008 Master program: Prevention and Health: Research methods for the health sciences

University of Applied Sciences of Ottersberg (students of art therapy & acting)

2.TM 2009 Module 5 & 8: Psychology: Counseling – communication - observation
Nov. 2009 Research Network: Art Therapy: workshop on empirical methods

2.TM 10, 3.TM 11 Modul 16: Empirical methods for art therapy research

Institute for Systemic Studies Hamburg (ISS) (Psychotherapists)

2008 /9 Advanced training in supervision: Process analysis of systemic interventions– Observation based
2010 /11 supervision of counseling processes

Teaching of health professionals in other contexts

1999-2005 Counseling complex systems (psychotherapists)

2002-2005 Curriculum: Systemic counseling (students of the subject psychology)

2005 Training communication, Medical Academy, Segeberg (physicians participating in advanced
training course Palliative Medicine)

2006-current Process analysis of systemic interventions: Observation based supervision of counseling
processes (supervisors & psychotherapist)

2010-current Workshops: Critical appraisal of research studies (physicians)

2010-current Workshops: Observer-trainings: MAPPIN'SDM (the multifocal approach to the sharing in shared
decision making), RLI (Rating Inventory Solution oriented Interventions) & other methods
(researchers in the health sciences).

Supervision of scientific theses

Hannes Clausen	2000 Dipl.-Psych.	Need for psychological intervention in patients with cancer
Tom Hacker	2001 Dipl.-Psych.	Validation of the Hornheimer questionnaire as an instrument assessing burden of disease in patients with cancer
Margareta Zagorska	2003 Dipl.-Psych.	Indicators of need for psychological support in patients with cancer
Monique Kùgow	2003 Dipl.-Psych.	Qualities of uncertainty perceived by people suffering from multiple sclerosis
Eldrun Ekroll	2003 Dipl.-Psych.	Evaluation of an OSCE (objective structured clinical examination) for assessment of medical students' communication skills
Angelika Schmidt	2005 Dipl.-Psych.	Qualities of uncertainty perceived by people suffering from cancer – development of an instrument to evaluate "shared decision making"
Saskia Freyberger	2005 Dipl.-Psych.	Typology of uncertainties & tolerance of uncertainty – a study using the QUICC-CA, a questionnaire assessing uncertainty perceived by people with cancer
Petra Gutzeit	2006 State exam. Health Sciences	Presentation of treatment effects to facilitate informed patient choices
Anna Südkamp	2006 Dipl.-Psych.	Validation of the QUICC-CA - a questionnaire assessing uncertainty perceived by people with cancer
Sina Schneider	2006 Dipl.-Psych.	2. phase of validating the QUICC-Ca, a questionnaire assessing uncertainty perceived by people with cancer
Tom Lemke	2006 Dipl.-Psych.	Item analysis of the QUICC, a questionnaire assessing uncertainty perceived by people suffering from chronic diseases
Friedemann Geiger	2007 PhD.	Shared decision making – a negotiation of uncertainties
Jan Busche	2007 Dr. med.	Role preferences & risk knowledge of people with multiple sclerosis
Sonja Becker	2007 Dr. med.	The impact of self-efficacy on the reception of risk information of people with multiple sclerosis

Johanna Kaiser	2007 Dipl.-Psych.	Presentation of treatment effects to facilitate informed patient decision making – a study on the impact of order within stick figure pictogram graphs used for risk communication
Yvonne Zwissler	2008 Dr. med.	Study on the relation of control beliefs & perception of uncertainty in patients suffering from Fibromyalgia
Janina Müller	2008 Dr. med.	Effects of a psycho-educative group intervention on disease perception of patients with depression
Gabriela Burisch	2009 Dipl.-Psych.	Validation of the German version of the OPTION scale, an observation based instrument to assess physicians' shared decision making communication skills
Peter Marquart	2009 Dr. med.	Assessment of qualities of uncertainty in chronic conditions applying QUICC– questionnaire to patients with multiple sclerosis
Nina Schäffler	2009 Dr. med.	Development of an evidence-based patient information to facilitate participation in decision making in early multiple sclerosis
Lajali Ramadan	2009 Dipl.-Psych.	Erfassung von Qualitäten der Ungewissheit bei krebserkrankten Kindern und Jugendlichen
Wilma Pahl	2010 State exam Health Sciences	The importance of autonomy preferences regarding decision making in dental care
Korbinian Fischer	Dr. med.	Evaluation of an education program for people newly diagnosed with multiple sclerosis
Jutta Paschedag	Dr. med.	Effects of patient involvement regarding the perception of decision related uncertainties
Janna Kleinstoll	2010 Dipl.-Psych.	Qualities of uncertainty perceived by children suffering from cancer. Development of an instrument measuring effects of SDM
Ilka Sommer	2010 Dipl.-Psych.	Assessment of qualities of uncertainty perceived by children and adolescents suffering from chronic conditions
Katrin Liethmann	2010 Dipl.-Psych.	Assessment of qualities of uncertainty perceived by parents of children with cancer
Katrin Liethmann	Cand. Dr. phil.	Evaluation of a training addressing physicians' supposed to facilitate patient involvement in medical decision making
Solveig Kühn	2011 Dipl.-Psych.	Assessment of the doctors', the patients' & the third persons perspective on shared decision making
Birthe Vogel	2011 Dipl.-Psych.	Validation of the QUICC-S, the short form of the questionnaire to assess qualities of perceived uncertainty in people with chronic disease.
Mareike Bührens	Cand. Dr. med.	Prerequisites of shared decision making in dental medical care. The impact of patient autonomy preferences
Maja Dopp	Cand. Dr. med.	Appraisal of immunotherapy decisions made by people with multiple sclerosis using Betaferon
Simon Krampe	Cand. Dr. med.	Evaluation of CLA-RI-FIG, a new basic module clarifying benefit & risks of medical measures –using a fictive illness.
Yasemin Bay	Cand. Dr. med.	Evaluation of CLA-RI-FIG, a new basic module clarifying benefit & risks of medical measures - an example of multiple sclerosis treatment
Simone Klees	Cand. PhD	QuiD pro quo – On change of interpersonal behavior by drama therapy
Ingo Goetze	Cand. Dipl.-Psych.	A question of the point of view – development and evaluation of a training to apply the MAPPIN'SDM observer instrument for assessment of shared decision making

FUNCTIONS & MEMBERSCHIPS

Peer reviewer for journals (selection)

Patient Education & Counseling,
Zeitschrift für Evidenz, Fortbildung und Qualität im Gesundheitswesen
British Medical Journal,
Health Expectations,
Psycho-Oncology,
BMC Medical Education
Malaysian Journal of Medical Sciences
Multiple Sclerosis

Associate Editor

BioMed Central (BMC)
Online Journal of Medical Psychology (OJMP)

Membership

German Network Evidence-Based Medicine (DNEbM). Special interest Group: Patient information & patient involvement
Institute for Systemic Studies (ISS) Hamburg
Working group Health Services Research at the University Medical Center Hamburg Eppendorf
European Association of Communication in Health Care (EACH)
Psychotherapists' chambers: Niedersachsen & Hamburg

Cooperation

Institute of Quality and Efficacy in Healthcare (IQWiG), Köln, Germany
Lian van der Krieke, Rob Giel Research Center (RGOc), University Medical Centre Groningen
Prof. France Légaré, MD, PhD, Canada Research Chair in Implementation of Shared Decision Making in Primary Care
Department of Family Medicine, Université Laval, Québec, Canada
Alessandra Solari, MD. Unit of Neuroepidemiology, Foundation IRCCS Neurological Institute "Carlo Besta" Milano, Italy
Dr. Matthias Nübling und Prof. & Dr. Axel Mühlbacher, Society for empiric counseling (GEB mbH), Denzlingen, Germany
Prof. Dr. Constanze Schulze, Prof. Dr. Peter Sinapius, Institute of Art Therapy and Research at the University of applied sciences, Ottersberg, Germany
Dr. Friedemann Geiger, Cancer Center, University Medical Center Schleswig Holstein, Campus Kiel, Germany
Dr. Wolfgang Gaissmaier, Harding Center for Risk Literacy, Max Planck Institute for Human Development, Germany
Prof. Luigi Tesio, Abteilung medizinische Physiologie und Rehabilitation Universität Mailand, Italy
Wendy Longley & Dr. Gary Fulcher Studdy Multiple Sclerosis Centre, Lidcombe, Australia
